

## THE BLUE ROOM THEATRE ENVIRONMENTAL POLICY

The Performing Arts Centre Society Inc (trading as The Blue Room Theatre) declares its commitment to environmental responsibility in its policies and practices.

We, the members and staff, believe that the performing arts community: is forward thinking; acknowledges the need to behave in ways that ensure equity for future generations; and is ideally placed to take a leadership role.

Therefore we will:

- foster an environmentally aware business culture that supports staff initiative
- analyse all operational areas and practices and create strategies for each area to reduce waste and greenhouse gas emissions
- set environmental targets in our strategic plans, monitor performance and report to our membership, granting bodies and the general public
- collaborate with our performing arts sector friends and neighbours to share ideas and promote action
- communicate our aims, activities and achievements to our membership to promote awareness and action in the wider community
- commit to consideration of both long-term and short-term economic, environmental and social impacts in decision making
