

Shadow of Doubt

Support & Resources

We recognise that the themes explored in this play may evoke strong emotional reactions, particularly for those with lived experience of domestic violence or coercive control. Your well-being is important to us, and we encourage audience members to engage with the material at their own comfort level.

To ensure a supportive environment:

- A **quiet space** will be available in the theatre foyer for those who need a moment to step away.
- **Support materials** from our partner organisation, **Starick**, will be accessible before and after the performance, providing guidance on available resources and assistance.

Below are useful numbers and information for support:

Crisis

If you need urgent help, call **CRISIS CARE* (08) 9223 1111** or **Country Freecall 1800 199 008***

If you are in immediate physical danger, call POLICE 000

*Crisis Care is the Department for Communities, Child Protection and Family Support's telephone information service for anyone who needs urgent help, including crisis accommodation.
